Skills

C/C++ • Python • C# • SQL • Scala • Groovy • Bash • JS • HTML/CSS
AWS • Spark • Ambari • Docker • Jenkins • Ansible • Artifactory • git
Automated Testing • Agile Development

Experience

Sun Life Financial Waterloo, Canada

May 2021 -
Aug 2021

Data & Analytics Engineer

- Developed custom data ingestion and data transformation applications using [Python](#) and [Scala](#), leveraging [AWS](#)-core services such as [GLUE](#), [SageMaker](#), [S3](#), and [EMR](#).
- Enhanced dashboards, scorecards and metrics using data collected and evaluated via [Hadoop](#) from multiple systems.

Sun Life Financial Toronto, Canada

Jan 2021 -
Apr 2021

DevOps Engineer

- Led architecture and development of generalized [Jenkins](#)-based [SQL/PostgreSQL](#) pipeline targeting multiple environments, used by all DB development teams, reducing existing testing procedures by over 30 minutes per environment.
- Designed & implemented department standards for pipelines focused on simplicity and speed.
- Pioneered automated [JIRA](#), [Microsoft Teams](#), and [Service Now](#) integration for new & legacy tasks, bringing procedures inline with Agile methodology.

CIK Telecom Toronto, Canada

May 2020 -
Aug 2020

Software Developer

- Lead developer of an International job application and management web app using the [ASP.NET Core](#) Framework, increasing recruitment spread by 25%.
- Wrote [Transact-SQL](#) scripts for managing company data, including sensitive data of over 300 000 customers.
- Developed a new company web app and [REST API](#) for managing inventory based on previous order trends using [multivariate regression](#) analysis.
- Developed and maintained automated tests for company web apps and websites.

Projects

vm

Dec 2020

Lightweight vim-like Text Editor

- vim alternative with 60% reduction in memory usage. Written in standard [C++](#) with self-written libraries, designed for portable use on any low powered *NIX embedded systems.
- Supports all common vim commands, with C/C++ syntax highlighting, unlimited undo, nested multipliers and movements, and text searching all supported.

Education

University of Waterloo

Sep 2019 -
May 2024
